## BLACK PANTHER/LEOPARD OR SPOTTED LEOPARD

The cause of death of this panther was due to a severe injury to the neck due to a gunshot wound. There were also injuries and other cuts on the top of the head that were 3.5 inches long. There is still a snare cable entangled in the back right leg which caused the panther to suffer injuries and attack the Orang Asli youth in Kampung Kelatap near Pos Pewor, Lasah, Sungai Siput, Perak.

PADAT has received this panther carcass specimen on 10 December 2021 at 7pm from the PERHILITAN Caw Office. Snail River led by Pen. Wildlife Officer, Mr. Mohammad Faizul B. Nasri. This joint venture also involves Caw's PERHILITAN Party. Selangor and the Headquarters of the Department of Wildlife Protection and Peninsular Malaysia National Parks, Cheras.
